HOHAI UNIVERSITY

Water Disaster Prevention under Climate Change

About Hohai University ▶▶▶

Hohai University is a state key university under the direct administration of the Ministry of Education of China, and is on the State "211 Project". It is a comprehensive university with research and study of water resources as its main focus, education of engineering subjects as its first priority, and coordinated development of a wide array of disciplines. It ranks among China's top universities in its teaching indexes and overall strength. The University has approximately 55,000 students, including 1560 international students.

About the Program ▶▶▶

This program will explore the pressing challenges posed by water disasters resulting from extreme climate variations, with a focus on the theme of *"Water Disaster Prevention under Climate Change"*. Through comprehensive discussions and lectures, we aim to explore China's proactive measures in addressing these challenges. The two-week program will incorporate a blend of indoor lectures, interactive discussions, as well as enriching field trips to hydraulic structures and cultural landmarks, such as Nanjing Museum, Niushou Mountain, and nearby cities.

Duration and Venue ▶▶▶

July 7 to July 21, 2024, Nanjing and Nearby Cities

Activities ▶▶▶

- Lectures by Industry Leading Academicians
- Courses on Hydrological Simulation and Hydrological Forecasting, Water Resources Management and Planning
